Zone : Toute la France
Mobilité : sur toute la france
Rémunération : A étudier
Secteur : Bâtiment

Formations

2024-12-31
HSE Certificate
2024-12-31
ISO 9001 Certificate
2022-12-31 — Bac +5 — ENITA
Master professional Civil Engineering (Surveyor specialist)
2006-12-31 — GEOSWEEP
Hydrographic Surveyor Certificate
2004-12-31 — Bac +2 — Higher Institute of Technological Studies
Higher Certificate Surveyor

Expériences professionnelles

2023-03-01 - 2023-12-31 — Chief Surveyor specialist

Measure and map underwater surfaces, manage the survey department, pipe line survey offshore and onshore, well position stake out, conduct research and analyse information to create accurate survey plans, provide technical guidance to survey teams, ensure compliance with regulations, assist teams with data collection, prepare survey reports and plans.

2019-10-01 - 2023-02-01 — Chief Survey department Engineer

Modernization works of the RR117 Roman Bridge ZARZIS DJERA, construction of rock-fill foundations and protection structures, beam bridge at sea, execution of piles, provide project leadership and management, organize the topographic department, oversee execution studies, manage geotechnical reconnaissance and topographical survey, ensure project planning and tasking, organize and manage the surveying team.

2018-01-01 - 2019-12-31 — Senior Expert Land Surveyor

Conducted surveys to establish legal boundaries, verified accuracy of survey data, recorded results (shape, contour, elevation, dimensions), coordinated with engineering and architectural personnel, adjusted surveying instruments, established fixed points, prepared survey proposals and reports, performed stake-out and monitoring of works.

2017-01-01 - 2018-12-31 — Senior Expert Land and Hydrographic Surveyor

Developed technical and operational procedures for measurement and mapping, supported installation and testing of equipment (side scan, ADCP, ROVs, rig-move positioning), carried out bathymetric, topographic, hydrometric and sedimentary measurements, georeferenced navigation obstacles, transferred knowledge to RVF personnel, initiated measurement operations.

2016-01-01 - 2017-12-31 — Chief Survey Department

Directed pipeline surveys, defined topographical elevations, verified survey data accuracy, used echo sounders, ADCP, side-scan sonar, ROVs and rig-move positioning, transferred elevation benchmarks, calibrated equipment, recorded PLSS measurements.

2014-01-01 - 2016-12-31 — Expert Senior Surveyor

Controlled construction of OYO harbour project in Brazzaville, performed contradictory terrain surveys, validated technical designs, monitored earthworks, supervised pile reception, managed acceptance procedures.

2011-01-01 - 2014-12-31 — Chief Surveyor Engineer

Managed surveys for combined-cycle power plant, harbour construction in Mauritania, coastal development

in Tripoli; prepared budgets, assessed risks, ensured site preparation, organized workstations, set objectives, monitored progress, handled contractual and financial management, led teams, ensured safety and quality standards.

2008-01-01 - 2011-12-31 — Surveyor Engineer

Executed pipeline oil and gas projects, transferred elevation benchmarks, calibrated equipment, performed PLSS surveys, dredging surveys with multibeam echo sounder, prepared cross-sections and cubature calculations, managed provisional acceptance of worksites.

2006-01-01 - 2008-12-31 — Assistant Surveyor Engineer (Survey Department)

Directed survey group, performed topographic surveys for inventory, participated in execution file preparation and survey reports, stake-out and monitoring of works, ensured compliance with schedule, monitored excavation and trench upgrades.

Langues

Anglais (Notions), Français (Notions)

Atouts

Microsoft Office, English, French, Problem solving, Leadership, Surveying techniques and software, Project management, Data analysis, Acting, Report writing and plan preparation, Construction and engineering principles, Tacheometer, GPS (TRIMBLE 4700, SPS 461, Leica GS10, GS15, GS18, 1200), Sanitary and phytosanitary regulations, Hydrographic DGPS, LEICA GS10, GS15, GS20, ODOM Multibeam Echo Sounder, ADCP (Acoustic Doppler Current Profiler) and Side Scan Sonar, ROVs (Remotely Operated Vehicles), Rig-Move positioning, Sound Velocity and Tide Graph analysis, Surveying, Land boundary marking, Cartography, Construction, Budget management, Volume calculation, Road surveying
