Expériences professionnelles

02/2022 - 06/2024 — Production and Quality Manager
Plan, organize, and supervise production activities. Develop production schedules. Optimize production processes. Develop and implement quality management systems. Supervise internal and external audits. Supervise, train, and motivate production and quality teams. Evaluate team members' performance. Participate in strategic meetings to ensure production and quality objectives are aligned with the company's plans.
02/2019 - 02/2022 — Commercial and Logistics Manager
Manage import-export documents, including customs declarations, pro forma invoices, and certificates of origin, ensuring their accuracy. Collaborate with suppliers, carriers, and international partners to ensure smooth operations. Optimize warehousing, inventory management, and transportation processes. Plan, organize, and supervise logistics operations to ensure timely delivery of products.
08/2018 - 02/2019 — Mechanical Engineer
Design mechanical parts and systems. Develop technical solutions to meet client specifications while optimizing performance and cost-effectiveness. Conduct simulations and analyses. Analyze production processes to identify and implement improvements, reducing cycle time and minimizing waste.
08/2017 - 08/2018 — Warehouse manager
