Je recherche tout type de contrat, sur toute la région , dans le Batiment.

Formations

Bac +5

Master's Degree in Business Law (LL.M.) Specialized in legal frameworks governing financial operations, corporate finance law, and compliance regulations. Developed in-depth expertise in financial contracts, mergers and acquisitions, international taxation, and risk management, ensuring alignment with financial laws and regulatory standards.

Bac +3

Business Degree in Administration and Tourism Developed strong business administration skills with a focus on financial planning, budget management, and operational efficiency. Acquired expertise in analyzing financial data, optimizing resource allocation, and managing financial aspects of the tourism industry, including cost control and profitability analysis.

Bac +5

Engineering Degree in Chemistry-Pharmaceutical & Biology Developed a strong foundation in analytical problem-solving and data-driven decision-making. Gained experience in cost optimization, regulatory compliance, and quality control in highly regulated industries, ensuring financial viability of projects. Applied financial acumen in budgeting, resource allocation, and process optimization within the pharmaceutical and biotechnology sectors.

Expériences professionnelles
