Charpentier

Ma recherche

Je recherche tout type de contrat, dans toute la France, dans le Batiment.

Expériences professionnelles

01/2022 - 12/2024 :

Carpenter chez Samas sur Tunisia Sfax

- * Assembled and installed custom aluminum and wood structures for high-end residential and commercial projects, ensuring precise execution according to architectural plans.
- * Coordinated closely with architects, engineers, and other trades to guarantee timely project completion and resolve any on-site challenges.
- * Utilized specialized carpentry tools and machinery such as saws, drills, and routers to cut, shape, and assemble materials with accuracy.
- * Maintained rigorous compliance with safety standards and local building codes, ensuring a safe work environment.

01/2021 - 01/2022 :

Apprentice Carpenter chez S.t] sur Sfax, Tunisia

- * Gained hands-on experience in carpentry techniques under the mentorship of senior carpenters, contributing to the successful completion of several construction projects.
- * Assisted in reading and interpreting technical drawings and architectural plans, improving accuracy in work execution.
- * Participated in all phases of construction, from framing to finishing, learning the importance of craftsmanship and attention to detail.
- * * Contributed to maintaining a safe work environment by strictly following safety protocols and gaining hands-on experience in the proper use of carpentry tools and machinery under supervision.
