**1 à 3 ans d'expérience**  
**Réf : 250603210005**

## **Electrotechnical engineer**

### **Ma recherche**

---

Je recherche tout type de contrat, dans toute la France, dans le Batiment.

### **Formations**

---

**12/2022** : Bac +5 à Houari Boumediene University of Science and Technology (USTHB)  
Master's Degree in Industrial Electrotechnical Engineering

**12/2020** : Bac +3 à Houari Boumediene University of Science and Technology (USTHB)  
Bachelor's Degree in Electrical Engineering

### **Expériences professionnelles**

---

**02/2025 - à ce jour :**

Design Team Leader / Solar CAD Designer chez Infinity Energy Inc

Project lifecycle management, including planning, team coordination, and on-time, on-budget delivery. Supervise the design team to ensure compliance with quality and safety standards. Contributed to the design and implementation of sustainable energy solutions through electrical schematics and distribution plans.

**05/2024 - 12/2024 :**

Solar CAD Designer chez Power Up Solutions Llc

Detailed design of plans for PV module installations and energy storage systems (batteries), ensuring compliance with regulatory standards and obtaining necessary permits from AHJs (Authorities Having Jurisdiction).

**03/2023 - 12/2023 :**

Technical Project Engineer chez Globale Realisation

Focused on technical studies, specifying equipment, and designing electrical plans with 2D/3D layouts for diesel generators, UPS, transformers, and solar projects. Oversee project execution, coordinate teams, and ensure compliance with regulations and deadlines.
