Master of Science Global Supply Chain Management

07/2019 : Bac +3 à APJ Abdul Kalam Technological University
Bachelor of Technology in Mechanical Engineering

Expériences professionnelles

06/2024 - 12/2024 :

Supply Chain Analyst (Internship) chez Schneider Electric sur Nice

Boosted vendor OTD by 20% via performance tracking of 150+ suppliers. Managed PO lifecycle with push/pull adjustments in SAP based on forecast. Collaborated across logistics and warehouse teams to reduce lead time by 10%. Analysed KPIs using Excel and Tableau to improve supply chain efficiency. Supported inventory forecasting to prevent backlog during peak demand.

09/2023 - 05/2024 :

Consultant (Corporate Project) chez Boaton sur Bordeaux

Designed supply chain dashboards using Power BI & Excel to drive demand forecast. Revamped data processing methods to minimise redundancy to maintain data accuracy. Presented improvements for stock management based on historical demand analysis.

04/2020 - 09/2023 :

Supply Chain Assistant (Procurement & Project Management) chez Lnp Marine sur Kerala

Handled procurement orders and stock planning via ERP for project sites. Led 14+ technicians on two projects; cut delivery time by over 33%. Delivered supplier performance reports and tracked compliance via Excel. Advised and implemented cost-effective solutions regarding procurement, and much cheaper procurement strategies for spare parts. Led price negotiations and ensured timely PO placement for key items. Coordinated with warehouses to resolve delivery discrepancies. Maintained vendor partnerships for quality and delivery assurance.

12/2019 - 03/2020 :

Marine Technician on Project (Service & Maintenance) chez Lnp Marine sur Kerala

Conducted maintenance and repairs on marine engines, generators, and hydraulic systems to ensure vessel readiness and safety. Worked with the lead technicians in refining overhaul processes, resulting in a 20% decrease in maintenance issues. Focused communication, serving as the main client contact, for an overall 40% reduction in complaints.
