Expériences professionnelles

07/2025 - 12/2025 — Global Supply Chain Trainee

Supply scenario planning for launches & capacity strategy across the global network. Analyse operational risk for cross-site product transfers to secure supply continuity. Enhance demand-capacity data integration, accelerating decision cycles. Deliver Power BI and Kinaxis insights, improving forecast accuracy and supply visibility.

07/2024 - 12/2024 — Critical Raw Material Management

Conducted supplier capability assessments, eliminating supply risk for short and long-term horizons. Identified cost-avoidance levers generating $3M+ in procurement impact. Built performance dashboards increasing OTIF monitoring and supplier recovery. Supported strategic contract review to safeguard long-term availability.

10/2023 - 05/2024 — Student Supply Chain Consultant

Led an inventory optimisation project, reducing obsolete stock by 30% (€700K savings in 6 months). Conducted operational analysis at DC level, recommending network performance improvements. Built data-driven replenishment heat-maps to support management decisions on DC transformation.

04/2021 - 06/2023 — Assistant System Engineer

Led supply planning – S&OP activities for the generic medicine project across Asian affiliate markets. Supported ERP migration by streamlining supply chain data flows for a global pharmaceutical client.

10/2019 - 03/2021 — Assistant Supply Chain Coordinator

Coordinated day-to-day fleet operations, monitoring utilisation, on-time delivery and operational KPIs. Analysed transport cost drivers, inefficiencies, supporting cost control and process improvement actions.
