

Electrical Engineer / Automation Engineer / Maintenance Engineer

Hull · Plus de 10 ans d'expérience · Réf. 2605272005

Ma recherche

Contrat recherché : Tout contrat

Zone : Toute la France

Mobilité : sur toute la france

Rémunération : a étudier

Secteur : Batiment

Formations

12/2024 — Bac +5 — Coventry University

MSc Electrical and Electronics Engineering

12/2012 — Bac +3 — Government Engineering College

BTech Electrical and Electronics Engineering

Expériences professionnelles

10/2024 - à ce jour — FC Associate

Worked in a fast paced Amazon operational environment with automated conveyor and sortation systems, supporting smooth workflow and achieving operational performance targets. Gained hands on exposure to robotics, automated workflows and machine fault reporting procedures. Operated in KPI driven production settings while following health & safety procedures around automated machinery and contributing to process efficiency improvements. Certified First Aider.

09/2017 - 05/2023 — Estimation Engineer

Coordinated electrical engineering projects focusing on power system reliability and safety compliance. Prepared feasibility studies, risk assessments and documentation aligned with IEC/ISO standards. Supported preventive and corrective maintenance strategies to improve uptime. Implemented cost optimisation initiatives and downtime reduction plans. Managed supplier and contractor coordination for timely project delivery.

08/2014 - 12/2016 — Coordination Engineer (Automation & Maintenance)

Supervised multi skilled technicians maintaining electrical distribution systems up to 25 /kV. Developed preventive maintenance schedules, reducing unplanned equipment failures. Diagnosed faults and performed root cause analysis to prevent repeat breakdowns. Configured Siemens PLC systems in TIA Portal for conveyor automation and integrated PLC controlled sensors and actuators. Enforced LOTO, permit to work procedures and electrical safety standards. Coordinated spare parts procurement and vendor technical support.

07/2012 - 05/2014 — AutoCAD Electrical Trainer

Delivered hands on training in industrial electrical design and schematics. Mentored engineering students for automation and maintenance career readiness. Organized workshops and placement preparation programmes.

Langues

English (notions)

Atouts

Electrical Maintenance & Industrial Power Systems, PLC Automation & Control Systems (Siemens TIA Portal), Preventive & Corrective Maintenance (PPM/TPM), Fault Diagnostics & Reliability Engineering, Testing, Commissioning & Compliance (FAT/SAT, IEC standards), Electrical Design & Documentation (AutoCAD Electrical), Health, Safety & Site Procedures (LOTO, risk assessment), Engineering Coordination & Technical Support, First Aid (Certified)
