Formations

Bac +2 — Djerba Energy Sector Center
Professional Technician Certificate (BTP) in Commercial Refrigeration & Air Conditioning

Expériences professionnelles

2025-05-01 - à ce jour — Industrial Refrigeration Technician

Lead on site assembly, installation, and commissioning of high capacity Geneglace flake ice generators and industrial cooling plants. Perform complete piping, wiring, and pressure testing for multi compressor central refrigeration rack systems. Execute advanced operations on Ammonia (NH3) refrigerant circuits, including vacuuming, leak detection, and precision charging. Wire industrial electrical control cabinets, connect PLC interfaces, and resolve complex automated system faults to minimise downtime.

2023-11-01 - 2025-04-30 — Refrigeration Technician

Managed complete site installation of industrial Geneglace ice making units and integrated ice storage silos. Constructed and connected positive/negative cold room groups and central rack refrigeration units. Conducted routine preventive maintenance, pressure diagnostics, and system performance optimisations.

2022-02-01 - 2023-10-31 — Freelance Refrigeration & HVAC Technician

Delivered technical field service, piping, and electrical integration for commercial rack systems and Geneglace machines. Serviced and repaired commercial cold storage facilities, main electrical distribution panels, and industrial HVAC units.

2019-01-01 - 2022-02-28 — Refrigeration Technician

Assembled and calibrated Geneglace ice generators and heavy duty commercial refrigeration racks. Wired electrical control panels and maintained environmental control parameters for industrial cold rooms.

2018-01-01 - 2019-12-31 — Technician

Assisted in structural assembly and piping for Geneglace ice machines and central refrigeration plant setups. Interpreted electrical/refrigeration schematics to troubleshoot operational defects.

2016-01-01 - 2018-12-31 — Junior Technician

Executed field installation, assembly, and service of Geneglace ice systems, refrigeration racks, and cold rooms.

Langues

Arabe (Langue maternelle), Français (Courant), Anglais (Courant)

Atouts

Ammonia (NH3) Industrial Plants, Geneglace Ice Machines, Multi Compressor Rack Systems, Chiller Units, Cold Storage, Refrigerants Handled (NH3, R134a, R404A, R507, R410A), Control Cabinet Wiring, System Automation & PLC Integration, Electrical/Refrigeration Schematics Interpretation, Pipe Sizing & Assembly, High Pressure Leak Testing, Vacuuming & Refrigerant Charging, Preventive Maintenance & Overhauls, Industrial Ammonia Handling Protocols, Personal Protective Equipment (PPE) Management, Pressure Vessel Safety Standards, Results driven attitude, Teamwork, Problem solving
