Aluminum specialist

Ma recherche

Je recherche tout type de contrat, sur toute la région Normandie, dans le Batiment.

Formations

à Institute of Applied Technology - Route Agouray
Specialisation Diploma and Qualification Diploma

Expériences professionnelles

01/2021 - à ce jour :

Aluminum Specialist chez Idial sur Meknes

Used specialized tools to measure, cut and assemble aluminum structures. Read technical drawings and blueprints. Fabricated doors, windows and curtain walls on construction sites. Performed quality control checks. Collaborated with a team to meet project deadlines. Assisted senior fabricators, used hand tools, drills and rivet guns, kept workshop tidy and complied with safety regulations.

01/2019 - 12/2020 :

Aluminum Fabricator (IXPERIENCE PROGRAM) chez Polomar sur Meknes

Hands-on experience in aluminum manufacturing and installation. Applied certified skills to real projects with precision. Collaborated effectively in a professional team environment.
