Expériences professionnelles

02/2025 - 08/2025 :

3D Modeling Intern

Modeling complex objects: detailed 3D models of architectural and medical elements for immersive VR environments. Model optimization: geometry simplification for smooth performance in Unity HDRP. Realistic texturing: use of PBR textures with Substance Painter and material setup in 3ds Max. Teamwork: collaboration with a Unity developer to ensure consistency and proper integration of 3D assets.

07/2024 - 08/2024 :

3D Modeling Intern

Complex object modeling: creation of detailed 3D models (architecture, furniture, products) respecting technical specifications. Optimization: simplified geometry for better rendering and animation performance. Texturing and materials: realistic texture application and material setup for accurate and aesthetic results.

01/2021 - 12/2023 :

Interior Designer

Design and realization of modern, functional living spaces using minimalist and contemporary solutions. Preliminary studies: client needs analysis, spatial and budget constraints, concept sketches and moodboards. Technical plans: detailed 2D plans (layout, electrical, lighting, carpentry). Photorealistic rendering using 3ds Max and V-Ray.

07/2020 - 12/2020 :

Interior Architecture Intern

Transforming empty spaces into modern and minimalist designs. Creation of 2D plans, lighting diagrams, and 3D renderings.
