Réf : 260921133132

Electrical & instrumentation technician

Ma recherche

Je recherche tout type de contrat, dans toute la France, dans le Batiment.

Formations

12/2003 : Bac +2 à Centre Sectoriel de Formation en Électronique, Sakiet Ezzit, Sfax
Industrial Electronics Technician - Brevet de Technicien Professionnel

12/2001 : Bac à Lycée 18 Janvier, Jebeniana
Baccalauréat - Section Technique

Expériences professionnelles

02/2025 - à ce jour :

E&I Technician chez Gets Company - Hib sur Hib

Conducted comprehensive E&I condition assessments on sewage pump stations and treatment plants; inspected MV/LV switchgear, MCC, transformers, cable trays, conduits and earthing; performed cable testing, generator set tests, motor tests; verified field instrumentation; compiled structured assessment reports with recommendations.

01/2024 - 02/2025 :

E&I Technician chez Gets Company - Brega Oil

Executed maintenance, repair and calibration campaign on three spherical LPG tanks; installed pressure gauges, transmitters, radar level gauges and multi-spot temperature transmitters; replaced instrumentation cabling and performed loop verification; delivered calibration certificates and as-built mark-ups.

12/2022 - 12/2023 :

E&I Technician chez Gets Company - Petrofac

Reviewed IFC documents, followed ITPs and MIRs, raised RFIs, performed MV/LV cable pulling and testing, installed cathodic protection, installed and tested transformer rectifiers, flagged NCRs and supported corrective actions.

10/2020 - 06/2022 :

E&I Technician chez Oil & Gas Service Company (seip)

Contributed to Project Quality Plan, followed QA/QC schedule, managed material handling, coordinated installation packages, compiled FAT/SAT reports, installed conduit, cable trays, transformers, HV switchgear, UPS, grounding, and field instrumentation; performed calibration and pneumatic leak testing.

07/2018 - 03/2020 :

E&I Commissioning Technician chez Spiecapag / Imi

Supervised installation activities, performed grounding checks, erected and terminated process and safety instruments, supervised cable laying, pre-commissioned E&I cables, calibrated instruments, commissioned

diesel generators, LV panels, UPS systems, fire & gas systems and field instruments; established Modbus and PROFIBUS communications.

02/2018 - 05/2018 :

E&I Technician chez Geis - Al Waha / Omv

Verified skid arrival against vendor drawings, checked nameplates, inspected skid for transport damage, performed motor megger tests, verified MCC interfaces, earthing and bonding, and inspected instrumentation installations.

08/2017 - 01/2018 :

Instrumentation Technician chez Kde Technologie

Read and interpreted electrical diagrams; maintained hydraulic/pneumatic control panels; verified SSV/SDV solenoid function; performed motor terminations and testing; calibrated level, pressure and temperature transmitters; verified 4-20 mA loop integrity and HART communication.

04/2017 - 06/2017 :

E&I Technician chez Al Rida Oil Service

Installed cable trays, flow, temperature and pressure transmitters, and associated junction boxes; performed glanding and termination of instrument cables; pre-commissioned E&I cables (IR and continuity tests).

08/2016 - 10/2016 :

Electrical Technician chez Eni Gaz - Medco Oil Service

Wired electrical cabinets and installed measuring instruments; installed cable trays and performed cable pulling, dressing, glanding and termination for lighting panels, DBs, junction boxes and control panels; performed IR and Hi-Pot testing of power cables and transformer testing (vector-group, BDV, turns-ratio, etc.).

10/2014 - 01/2016 :

Electrical Technician chez El Nasser Contractors sur Jerba

Performed IR and continuity testing of control and power cables; replaced the electrical control cabinet for the four ship engines; installed lighting, fire-detection equipment and alarm systems in the control and engine rooms; repaired and reorganised wheel-house equipment.

10/2008 - 02/2011 :

E&I Technician chez Joannou & Paraskevaides (j&p)

Installed and calibrated flow, temperature, pressure, and level transmitters, vibration sensors, control valves, and MOV actuators; performed pre-commissioning cable IR/continuity checks and witnessed grounding/earthing system testing.

02/2006 - 06/2008 :

Elevator Technician chez Sme Elevator Company

Assembled, installed, repaired, and maintained elevators and stairlifts; adjusted safety controls, counterweights, and door mechanisms; performed scheduled preventive maintenance on construction sites.
