

5 à 10 ans d'expérience

Réf : 2610070621

Data scientist

Ma recherche

Je recherche tout type de contrat, dans toute la France, dans le Batiment.

Formations

01/2019 : à Self taught

I'm way too passionate by mathematics, marketing, technology and data related topics.

Expériences professionnelles

08/2021 - 12/2021 :

Head of technology and data science chez Genia.media

After only web coding I wanted to get involved in marketing field and got in close relationship with a media performance agency.

03/2020 - 08/2021 :

Web developer chez Hvld

I began my journey as a web full stack developer using MERN stack to build custom UI's and backends for customers.
