Expériences professionnelles

06/2024 - 07/2024 :

Summer Intern - E-commerce Application for Selling Yachts chez Horizon Education

Developed a price comparison website for yacht sailboats, integrated advanced search and recommendation features, and implemented real-time analytics and branding options.

06/2024 - 07/2024 :

Final Year Project - URL Shortener with Advanced Conditional Redirection

Built a web-based platform allowing users to generate custom short links with conditional redirection based on time, location, device, referral or custom parameters.

04/2023 - 06/2023 :

Academic Project - Sport & Fitness Platform

Developed a comprehensive e-commerce web application for sports and fitness using React for the front-end and Spring Boot for the back-end.

06/2022 - 08/2022 :

Summer Intern - ERP Application Development chez Innotec Consulting

Developed a web application for an ERP system to manage company resources, delivering real-time analytics, link management, administrative controls and automated testing.

01/2021 - 02/2021 :

Academic Project - Doctor Appointment Management App

Developed a mobile application for doctors to manage their appointments.
