Formations

12/2026 — Energy College/Technical College

CS Wind Offshore Technical Training Course Installation and Operation of Electrical Equipment in Industrial and Civil Buildings.

Bac +3

Bachelor's Degree — Power Engineering and Electrical Engineering

Expériences professionnelles

01/2024 - 12/2026 — Offshore Electrician

Performed electrical installation work on industrial and offshore projects and civil buildings. Strictly followed technical instructions, quality standards and safety requirements. Organized work independently, worked effectively as part of a team and completed assigned tasks accurately and on time. Responsible for equipment and the quality of work, able to adapt quickly to new working conditions and project requirements.

01/2020 - 12/2023 — High-Voltage Line Installer / Electrical Helper

Participated in the installation and maintenance of T-Mobile 4G LTE and 5G towers. Performed the installation, routing and repair of cables and electrical components at height, and assisted with the installation and maintenance of electrical systems and high-voltage equipment. Worked with cable routes, supports, electrical connections and mounting structures. Prepared equipment, tools and materials, supported the installation team during work at height, and followed electrical safety and working-at-height requirements.
